Thank you to everyone who sponsored or supported the 2022 fall rec season. Your sponsorship helped cover costs to purchase two new sets of goals needed for the season, along with seasonal fees such as mowing, field aeration and supplies!

Thank You

Shout out and thank you to all our coaches and volunteers who helped make the 2022 rec season a success.

Many of our coaches had multiple teams and without them we would not have had a successful season.

Volunteers who helped line fields saved the club ~\$5,000. Prior to 2021 this was outsourced to an outside contractor.

Volunteers helped test concessions on whether this was a viable way to raise additional funds and help us keep costs down.
